Transportation Enhancement: Project Selection Results
WILLAMETTE GREENWAY TRAIL: PIER PARK - CHIMNEY PARK BRIDGE

I am pleased to announce the Oregon Transportation Commission has approved your project for Transportation Enhancement funding. The TE award for your project is \$1,499,000. Yours is one of 13 new projects approved to receive TE funding in fiscal years 2010-2013. A list of the approved projects is on the back of this page.

Please note: This TE funding is contingent on your prompt completion of required programming documents, and your ongoing effort to advance and complete this project in keeping with the adopted "Reasonable Progress Requirements" for TE projects. Projects that do not have a completed Prospectus and Intergovernmental Agreement (IGA) in place by January 31, 2010 may be dropped to the Reserve List to be considered for future funding in competition with other Reserve List projects.

Please see the attached Response/Acceptance Sheet for further instructions about the Prospectus, agreement, and other steps in the project programming process. Your completed response is due October 19, 2009.

Congratulations on being selected for Transportation Enhancement funding!

I appreciate your participation and look forward to seeing your completed project. If you have general questions about the Enhancement program, you may contact me at (503) 986-3528. Your primary contact during project development will be Mark Foster at the ODOT Region 1 office in Portland at (503) 731-8288.

Sincerely,

Patricia R. Fisher
Transportation Enhancement Program Manager
